## AMERICAN 6 WICKET RULE BOOK

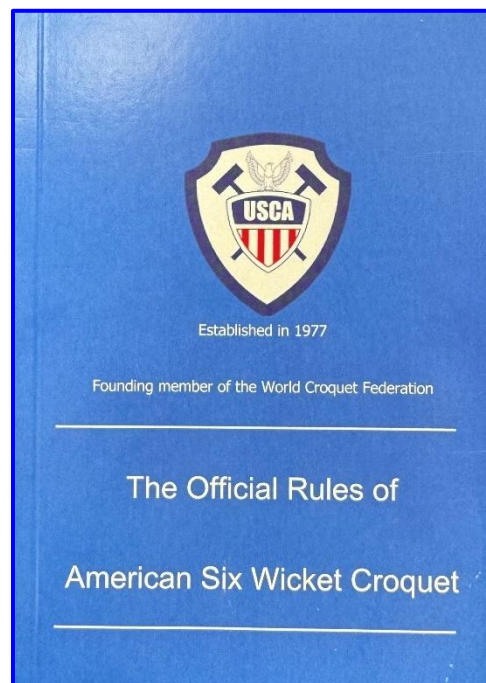

The new rules have very few changes.

Primarily there are rule clarifications in the language:

Minor changes were made for starting the game,  
wiring lifts,  
incorrect information,  
intervention and interference time outs,  
along with some new experimental rules.

A summary of these changes can be found in the Forward (pages 1-5).

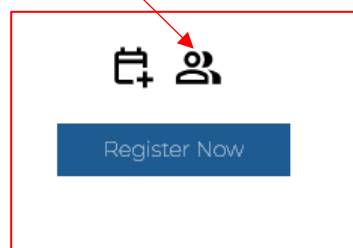

Request your complimentary American 6 Wicket rule book, by emailing [admin@uscroquet.com](mailto:admin@uscroquet.com). Please INCLUDE your **current** mailing address. OR Download a PDF file by clicking [here](#)

### LEE OLSEN FUND

(Supplements USA Teams)

**CICI COOK**

**FRED HEALD**

**ALLISON WORTHINGTON**

## HISTORICAL PERSPECTIVE OF THE LEE OLSEN FUND

“Earn your Pin and wear it proudly”.

The Lee Olsen Fund was established in 1985 to help with the travel expenses of the USCA international team members. This fund was named for Lee Olsen, a member of the Westhampton Mallet Club and the Beach Club who was a tireless ambassador for croquet.

In 2015 Michael Albert took over the management and fundraising responsibilities for the fund which had languished for the previous few years. Since that time he has managed to raise over \$150,000 for the LOF. Since 2016 the Lee Olsen Fund has paid the entire cost of sending USCA team members to compete internationally. Finally the USCA has been able to send our finest players to represent our interests rather than those who could afford to pay their own expenses.

In 2018 the Fund began paying for custom uniforms for all players representing the USCA in international competitions. Before this time players provide their own kit for tournaments. This has allowed us to create a Brand awareness since all players are now easily recognizable as members of the USA team. **None of this is paid from member dues or any other source of general revenue produced through USCA events.**

**Uniforms, travel expenses and per diem stipends are available to our competitive players purely because a few people decided it was important.**

This support is only possible due to the generosity of our croquet players across the country, who have made charitable donations to the LOF through the USCA. The USCA is a 501 C 3 charitable organization.

All donations are 100% tax deductible. Any checks should be made payable to USCA and on the memo line write Lee Olsen Fund. This fund is in a restricted account and has strict guidelines allowing the money to be spent on team events, uniforms, and youth events. Click [here](#) to donate.

Thank you for your support of our Team USA!!

Our schools are taught by top USCA certified instructors who are qualified and experienced players selected by our staff because of their croquet expertise and ability to communicate to those who wish to learn to play the game correctly. Students will have the opportunity to play croquet in a structured environment. Classes are small (8:1 or less student to teacher ratio) and are tailored to the specific playing levels of the participants. The elements of croquet are explained and demonstrated in detail. We strive to have similarly skilled players in a particular group, however, there may be times due to demand that we have a diverse group of skills. In these cases, the instructor will give each student proper attention specific to their skill level.

### **ATTENTION TOURNAMENT DIRECTORS.**

Please submit all USCA Sanctioned Tournament results as a word document and any pictures in "high resolution" to: [tournament@uscroquet.com](mailto:tournament@uscroquet.com)

**Results must be submitted within 5 days after the tournament because they impact a person's handicap or grade/index for the next tournament.**

***Thank You!***
